SECOND ORDER OF BUSINESS

Public Comment Period

Ms. Mullins called for public comments. There were no public comments.

THIRD ORDER OF BUSINESS

**Consideration of the Minutes of the
February 21, 2023, Board of
Supervisors' Meeting**

The Board reviewed the minutes of the February 21, 2023, Board of Supervisors' Meeting.

On motion by Mr. Schademan, seconded by Ms. Salvo, with all in favor, the Board of Supervisors for the Midtown Improvement District approved the Minutes of the February 21, 2023, Board of Supervisors' Meeting.

FOURTH ORDER OF BUSINESS

**Ratification of Payment Authorization
Nos. 72 – 74**

Ms. Mullins noted that these Payment Authorizations have been approved and need to be ratified by the Board.

On motion by Mr. Schademan, seconded by Mr. Ventura, with all in favor, the Board of Supervisors for the Midtown Improvement District ratified Payment Authorization Nos. 72 – 74.

FIFTH ORDER OF BUSINESS

**Recommendation of Work
Authorization/Proposed Services**

Mr. Kaufmann stated there were no Work Authorizations.

SIXTH ORDER OF BUSINESS

Review of District’s Financials

Ms. Mullins noted these are the financials through the end of February. The District has spent \$120,500.00 of the budget of just under \$500,000.00, so the District has spent 24% of the adopted budget so far.

SEVENTH ORDER OF BUSINESS

Staff Reports

District Counsel – No report.

District Manager – No report.

District Engineer – Mr. Newton reviewed the Construction Status Memorandum (Minutes Exhibit A).

For Centerline Drive Segment F, the project is complete and has the final lift of asphalt. The City should provide the certificate of completion by mid-April. There are a couple Change Order requests which are being presented to the Poitras East CDD for this project.

For Centerline Drive Segments C & D, the Developer has asked the District to proceed with construction. It was previously bid but the District ended up rejecting all the bids as the Developer was not ready at that time. The current plans and permits encompass Segments B, C & D. The rebid would be limited only to Segments C & D and the turn lane improvements in Laureate Boulevard. Once the construction begins, there will be a construction plan revision to the City and permit modifications to DEP to remove Segment B from that work. Mr. Newton asked for authorization from the Board to direct District staff to advertise an invitation to bid for Centerline Drive Segments C & D.

On motion by Mr. Ventura, seconded by Ms. Salvo, with all in favor, the Board of Supervisors for the Midtown Improvement District approved District staff to advertise an invitation to bid for Centerline Drive Segments C & D.

Construction Supervisor – No report.

Landscape Supervisor – No report.

Irrigation Supervisor – No report.

EIGHTH ORDER OF BUSINESS

Supervisor Requests

There were no Supervisor requests.

NINTH ORDER OF BUSINESS

Adjournment

On motion by Mr. Schademan, seconded by Mr. Ventura, with all in favor, the March 21, 2023, Meeting of the Board of Supervisors for the Midtown Improvement District was adjourned.

Secretary/Assistant Secretary

MEMORANDUM

DONALD W. MCINTOSH ASSOCIATES, INC.

DATE: March 21, 2023
TO: Midtown Improvement District Board of Supervisors
FROM: Donald W. McIntosh Associates, Inc. District Engineer
RE: Construction Contract Status

Dear Board Members,

Please accept this correspondence as a current summary of our construction contract status. Listed below by project is a brief summary of recent contract activity.

CIVIL ENGINEERS

Centerline Drive Segment F – Jr. Davis Construction Company, Inc.:

(Note: this construction project is being managed by Poitras East CDD)

LAND PLANNERS

Construction Status: Project is substantially complete. The final lift of asphalt has been placed, storm repair videos have been received, and final project completion is currently anticipated by mid-April pending receipt of as-builts and other closeout documentation from the Contractor.

SURVEYORS

Change Order (C.O.) Status: As an informational item, the Contractor has submitted to the Poitras East CDD a change order request for diesel fuel price adjustments for October 2022 through March 2023 and for Segment E Asphalt Repairs, \$14,948.83 of which is applicable to Centerline Drive Segment F (\$9,398.83 for diesel fuel and \$5,550.00 for asphalt repair). This amount will be applied to the Midtown Improvement District’s pay application for Centerline Drive Segment F. No action is required by this board.

Recommended Motion: None.

Centerline Drive Segments C & D:

Construction Status: The developer has asked that the District proceed with construction of Centerline Drive Segments C & D. This project was previously bid but the developer requested the District at that time delay construction, so all bids were rejected. The current plans and permits encompass Centerline Drive Segments B, C, & D. A rebid would be specifically limited to Segments C & D and the related turn lane improvements in Laureate Boulevard, and the plans and permits would be modified after construction commencement to remove the work related to Segment B, allowing for proper project inspection and closeout.

2200 Park Ave. North

Winter Park, FL

32789-2355

Change Order (C.O.) Status: None.

Fax 407-644-8318

Recommended Motion: Authorize district staff to advertise an invitation to bid for Centerline Drive Segments C & D.

407-644-4068

Midtown Improvement District

**Fiscal Year 2024
Operations and Maintenance Budget**

Midtown Improvement District
Budget Item Descriptions
FY 2023 – 2024

Revenues

Developer Contribution

Funding from the Developer.

General & Administrative Expenses

Supervisor Fees

Chapter 190 of the Florida Statutes allows for a member of the Board of Supervisors to be compensated for meeting attendance and to receive up to \$200.00 per meeting plus payroll taxes. The amount for the Fiscal Year is based upon all supervisors attending the meetings.

Public Officials' Liability Insurance

Supervisors' and Officers' liability insurance.

Trustee Services

The Trustee submits invoices annually for services rendered on bond series. These fees are for maintaining the district trust accounts.

Management

The District receives Management and Administrative services as part of a Management Agreement with PFM Group Consulting, LLC. These services are further outlined in Exhibit "A" of the Management Agreement.

Engineering

The District's engineer provides general engineering services to the District. Among these services are attendance at and preparation for monthly board meetings, review of invoices, and all other engineering services as requested by the district throughout the year.

Disclosure

When bonds are issued for the District, the Bond Indenture requires continuing disclosure, which the District Manager provides to the trustee and bond holders.

Property Appraiser

Cost incurred for a copy of the annual parcel listing for parcels within the District from the county.

Midtown Improvement District Budget Item Descriptions FY 2023 – 2024

District Counsel

The District's legal counsel provides general legal services to the District. Among these services are attendance at and preparation for monthly board meetings, review of operating and maintenance contracts, and all other legal services as requested by the District throughout the year.

Assessment Administration

The District can levy a Non-Ad Valorem assessment on all the assessable property within the District in order to pay for the operating expenditures during the Fiscal Year. It is typically collected via the Tax Collector. The District Manager submits an Assessment Roll to the Tax Collector annually by the deadline set by the Tax Collector or Property Appraiser.

Reamortization Schedules

When debt is paid on a bond series, a new amortization schedule must be recalculated. This can occur up to four times per year per bond issue.

Audit

Chapter 218 of the Florida Statutes requires a District to conduct an annual financial audit by an Independent Certified Public Accounting firm. Some exceptions apply.

Arbitrage Calculation

To ensure the District's compliance with all tax regulations, annual computations are necessary to calculate an arbitrage rebate liability.

Travel and Per Diem

Travel to and from meetings as related to the District.

Telephone

Telephone and fax machine services.

Postage & Shipping

Mail, overnight deliveries, correspondence, etc.

Copies

Printing and binding Board agenda packages, letterhead, envelopes, and copies.

Legal Advertising

The District will incur expenditures related to legal advertising. The items for which the District will advertise include, but are not limited to, monthly meetings, special meetings, and public hearings for the District.

**PURSUANT TO FLORIDA STATUTE 558.0035, AN
INDIVIDUAL EMPLOYEE OR AGENT OF DONALD W.
MCINTOSH ASSOCIATES, INC. MAY NOT BE HELD
INDIVIDUALLY LIABLE FOR NEGLIGENCE.**

BASIS OF PROPOSAL AND CLIENT RESPONSIBILITIES

Our Agreement is also based on the following conditions and limitations:

BASIS OF PROPOSAL

CLIENT has performed the necessary due diligence research to confirm that the site is suitable for the intended purpose.

The CLIENT is advised that concurrency management and comprehensive plan consistency will impact the land development process. Regulations regarding concurrency and consistency vary according to governmental jurisdiction. The status of concurrency, consistency and, if applicable, vested rights must be addressed for all projects within the State of Florida. DWMA presumes the CLIENT is aware of the issues and resultant impacts described. DWMA disclaims responsibility for delays that may be encountered due to failure on the part of the CLIENT to address concurrency and consistency issues prior to initiation of Services proposed herein. DWMA is **not** responsible for changes to the approved plans that may alter the concurrency vesting status or for noncompliance on the part of the property owner with regard to the performance terms and conditions established in the vesting certificate.

DWMA will not be responsible for any circumstances, acts, errors, omissions or events, of any type, beyond its control including, without limitation, construction costs, the acts or failures to act of any governmental or judicial agency, or the existence of hazardous waste of any type associated with the Project. No Services associated with hazardous waste of any type are included in any way in this Agreement.

Without limitation, architectural, traffic engineering (e.g., studies, signalization), structural engineering (e.g., retaining walls, bridges, docks), mechanical engineering (e.g., fire pumps), fire protection engineering (e.g., dedicated fire lines beyond the point of service), electrical engineering, geotechnical engineering and testing, environmental assessment, landscape and irrigation design, non-civil utility engineering (e.g., power, gas, telephone, cable television, site lighting) and any other professional or consultant services required by CLIENT and not undertaken by DWMA, shall be retained separately by the CLIENT. **No Services are included in this Agreement other than those specifically listed herein.**

DWMA may be mandated by regulatory authorities to incorporate findings, requirements and details of design in their construction plans that are prepared by professional geotechnical engineers and not by DWMA. In doing so, DWMA assumes no responsibility or liability for the design, construction or operation of geotechnical engineering components which may include, but not be limited to, underdrains, ground stabilizers, backfills, embankments, etc. CLIENT must also recognize that some of these systems (i.e., underdrains, etc.) usually require extensive field supervision during construction and certification after construction. These systems are subject to damage by other activities during or after infrastructure

construction such as other utility installations (power, telephone, cable, gas, etc.). DWMA assumes no liability for damages to any design element caused by the improper design, construction, operation or maintenance of improvements designed by others.

DWMA, in and through its review and/or use of design and calculations prepared by others, is not responsible for or liable for error or omissions in the design and permitting services provided by others. CLIENT's consultants will provide DWMA with permission to utilize and rely upon their work product as the basis of DWMA's design. Certain elements designed by others may be shown in DWMA construction plans for context only.

DWMA's performance and work product quality is dependent upon the timely provision of services from CLIENT-selected and contracted third-party consultants, including but not limited to geotechnical engineer, environmental consultant, transportation engineer, landscape/hardscape/irrigation designer and/or legal consultant whose services, while coordinated to the extent possible, are beyond the scope of responsibility of DWMA.

If locating underground utilities is expressly included in the Services, DWMA will locate such underground utilities as may be marked by a utility locating service retained by CLIENT. DWMA shall not be liable for showing any utility lines not marked by the locating company. DWMA cannot and does not guarantee or warranty that unidentified utilities will not be encountered.

Any opinion of construction cost prepared by DWMA represents its judgment as a design professional and is supplied for the general guidance of the CLIENT only since DWMA has no control over the cost of labor and material or over competitive bidding or market conditions. DWMA does not warrant or guarantee the accuracy of such opinions.

No permit applications or negotiations with regulatory agencies or permitting authorities are included other than those specifically listed herein.

If construction services or observation of construction are included herein, the Services included by DWMA will be to conduct periodic visits and observations to determine that the Work generally conforms or will conform to the applicable contract documents in relation to DWMA's engineering Services. DWMA's Service shall not include determining, supervising, implementing, or undertaking the responsibilities of the contractor, subcontractors or others, regarding means, methods, techniques, sequences and procedures of construction, nor for job conditions, safety precautions or programs. Construction phase services for systems designed and permitted by others are not included.

Construction phase retesting resulting from failures or no-shows, and therefore requiring additional site visits, shall be additional services and is not included in the scope of this agreement. Such services will be invoiced separately on an hourly basis for back-charge to the contractor by CLIENT.

CLIENT's contractor and/or surveyor will provide certified as-built surveys prepared by a Florida-licensed surveyor for DWMA's use and reliance in preparing project certifications and/or record drawings. Any as-built surveys required to be performed by DWMA due to failure of contractor's surveyor to provide accurate and complete survey data will be invoiced separately on an hourly basis for back-charge to the contractor by CLIENT.

Federal Emergency Management Agency (FEMA) Map revisions or amendments which may be required by regulatory agencies or lenders are not included unless specifically listed in Basic Services.

Provision of customized digital data files to CLIENT, CLIENT's consultants and/or CLIENT's contractor is not included. DWMA work product will be prepared digitally in AutoCAD Civil3D® 2018 or later.

CLIENT RESPONSIBILITIES

The CLIENT, or his representative, shall be available to meet with DWMA and provide decisions in a timely manner throughout the course of the Project.

The CLIENT will provide DWMA with plans and other pertinent information which may be necessary to properly survey or engineer the Project.

Prior to initiation of preliminary or final design, an approved site plan and final dimensioned building footprint(s) will be provided to DWMA by CLIENT, which will be complete with final geometry, and will be relied upon by DWMA.

The CLIENT will engage a professional geotechnical engineer to provide necessary hydrogeologic design support, relevant construction specifications for earthwork items and required construction inspection and certification. CLIENT's geotechnical engineer shall be responsible for final certification of all flexible and rigid pavement. DWMA has the CLIENT's authority to rely on this professional information as a basis for its design Services and certifications.

The CLIENT will engage a professional environmental consultant to provide jurisdictional determinations and necessary design and permitting support for wetland and special species issues.

The CLIENT will engage a professional environmental firm or firms who specialize in all matters relating to "hazardous" or "special" materials wastes, deposits, soils, contamination, etc., as may be required to support permitting or construction of the Project.

The CLIENT will engage a professional landscape architect to provide landscape and irrigation design related to the development of the property as intended by CLIENT.

The CLIENT will engage a professional architect to perform all architectural services including, without

limitation, incorporation of the work product of DWMA, and compliance with local, state or federal laws, regulations, codes and Americans with Disabilities Act ("ADA") requirements.

The CLIENT will engage a professional transportation consultant to provide analysis related to development of the property as intended by CLIENT, including but not limited to traffic studies, determination of turn lane requirements, traffic signal design, Maintenance of Traffic (MOT) plans and roundabout geometry, striping and signage design.

The CLIENT will engage a professional legal counselor to provide legal services related to development of the property as intended by CLIENT.

The CLIENT will engage a professional state licensed hydrogeologist for completion of hydrologic data required in support of a Consumptive Use/Water Use Permit.

The CLIENT will engage a professional archaeologist to provide archaeological analysis related to development of the property as intended by CLIENT.

The CLIENT agrees that DWMA shall have no responsibility for the accuracy of information provided by, or for any portion of the Project designed by the CLIENT or CLIENT's other consultants, or for compliance with local, state or federal ADA requirements. DWMA shall not be required to check or verify the CLIENT's or other consultants' work product, information, or construction documents and shall be entitled to rely on the accuracy and completeness thereof, as well as the compliance of such documents with applicable laws, codes, statutes, ordinances, and regulations, including, without limitation, ADA requirements. The CLIENT also agrees to require all other consultants engaged by the CLIENT to coordinate their design or construction documents or reports with the work product of DWMA, to promptly report any conflicts or inconsistencies to DWMA and to cooperate fully in the resolution of those conflicts or inconsistencies. The CLIENT further agrees, to the fullest extent permitted by law, to indemnify and hold harmless DWMA from any claims, damages, liabilities or costs, including reasonable attorney's fees and defense costs, arising out of or relating to false, inaccurate, or non-compliant information provided by CLIENT or its other consultants, or the services performed by other consultants engaged by the CLIENT.

The CLIENT or CLIENT's contractor shall obtain the required National Pollutant Discharge Elimination System (NPDES) permit for the Project.

The CLIENT will provide DWMA with all applicable operation and maintenance budgets and budget reserve estimates for all gated communities prior to submittal of the final plat to satisfy local jurisdiction requirements.
